

Legal services

SIA "INNOVATOR" was founded in 2003, uniting our minds and forces to ensure the provision of quality services for business development. We have good practical experience in business, financial planning, taxation, and customs, as well as law enforcement.

Consultations in person or remotely providing quality legal support - INNOVATOR will help to find a suitable solution in the following issues:

- Tax disputes;
- Tax risk assessment and optimization;
- Consultations on tax and customs issues;
- Business, tax planning in LV and EU;
- Reorganization, mergers, and acquisitions (M&A) of companies;
- Complaints about the decisions of SRS and ER officials;
- Preparation of commercial documents;
- Registration of merchants in the Register of Enterprises;
- Personal tax issues;
- VAT and real estate transaction planning;
- Tax collection and business undertaking;
- Representation in administrative proceedings before a court and an institution;
- Solving civil law issues;
- Tax issues in insolvency proceedings;
- Support in criminal proceedings in the field of state revenue;
- Tax compliance due diligence for board members and shareholders.

Our competencies and material and technical resources are sufficient to ensure the successful operation of your business!
